

Why is it important
to know your times
tables off by heart?

If maths was a house...

All the even more
super fun stuff

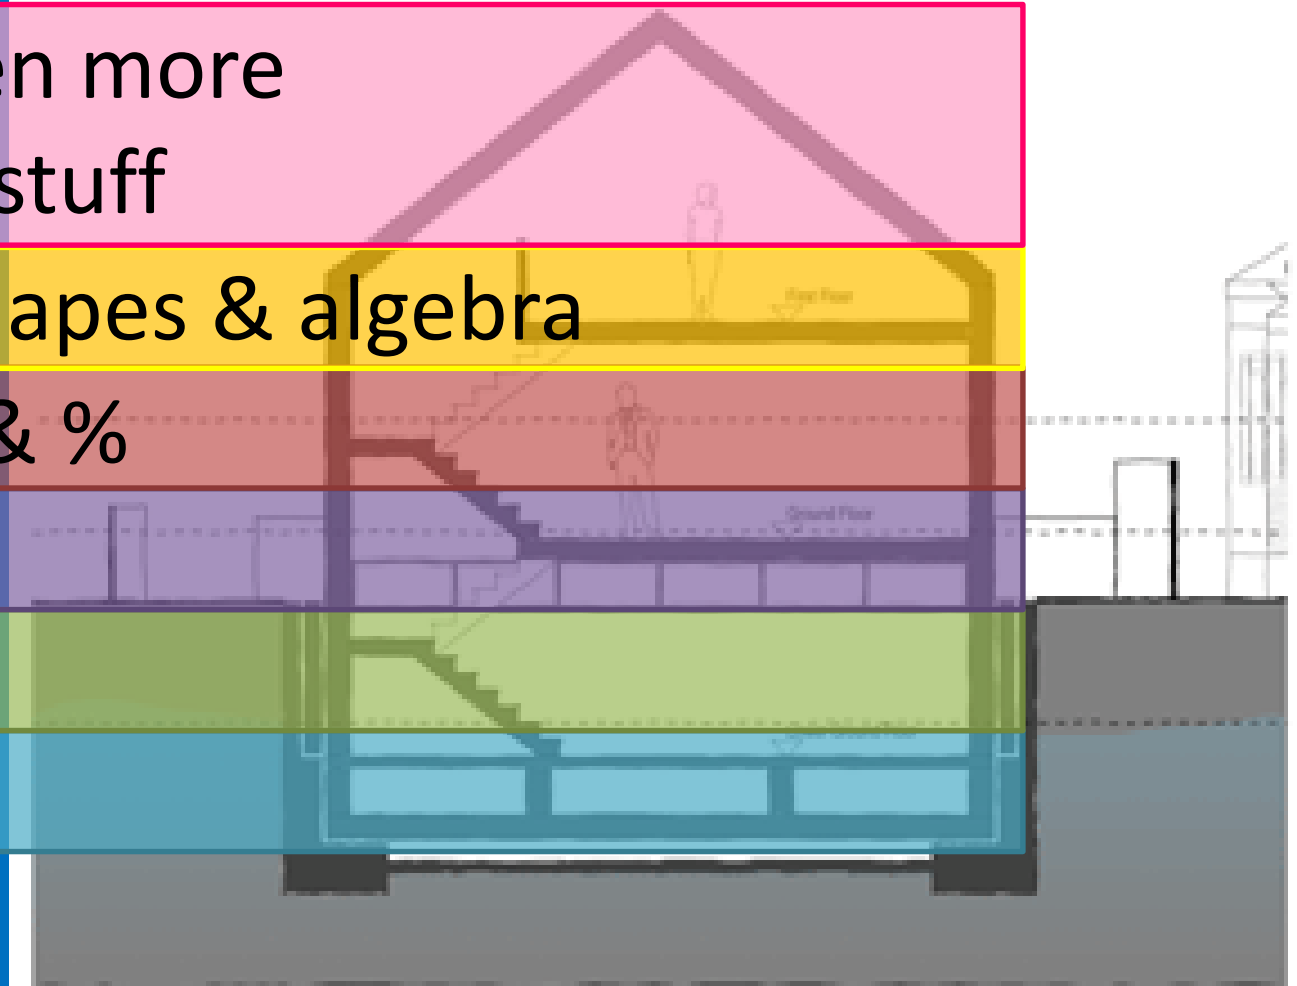

Graphs, shapes & algebra

Fractions & %

\times and \div

$+$ and $-$

Counting

The times tables are the basics of maths. If you know the basics, you'll find the rest much much easier.

Introducing...

Baz Wynter

I'm a rock star, who knows
their times tables really
well! How?

@TTRockStars

ttrackstars.com

OK, times tables are important but I find them hard to remember.

And not much fun to learn.

So what's the plan?

Come and join my band...

So, how does it work?

I need a volunteer...

Your teacher will now
explain the next steps.

Enjoy!

What happens
now?

- Everyone will get a letter to take home with all the information you need.
- Teachers will start to set you challenges on the website.
- I will keep my eyes open to reward those who are working hard on their times tables.

Knowing your times
tables off by heart is
like being able to
play a guitar behind
your head – it makes
you a rock star... a

Times Table
Rock Star!
