After analysing the information from the 2021 Safe & Well at School Survey, our focus is to:

- support our pupils to build positive relationships with adults so all children feel they have a trusted member of staff.
- We will continue our ongoing work with regards to bullying and behaviour on the playground.
- As the data was produced and analysed in school, we were able to identify individual children who need support around specific areas, for example, gender, young carers, low self-esteem etc.
- Support around these issues will be ongoing.

**What can parents do?**

Please talk to your child/ren about what a trusted adult is and how they can talk to their adults at home.

Talk to your child/ren about how to keep safe in the local area and how to access help if necessary.

If you have any questions resulting from this year's Survey, please contact the school.
